Simple and easy transfers from the wheelchair to a **car of your choice**

The versatile transfer solution with multiple applications

In the **car**

Around the **home**

On the **move**

Wheelchair To Car Transfer

Whether you have one vehicle you love or several you can't be without, you can transfer from wheelchair to the **front back, passenger or driver side** at your discretion. The Milford Person Lift allows for simple wheelchair to car transfer **without limiting your choice of vehicles or seating positions.**

1) Connect the sling to the Milford

2) Lift and maneuver into the vehicle

3) Lower down onto the seat

4) Detach the sling and remove the Milford

Transfer into an enormous range of vehicles
