

## APD BARRIER ELIMINATION THRESHOLD RAMP

### FEATURES:

- **Available in Multiple Sizes:** Choose from sizes suitable for 3" to 6" rises.
- **Premium Material:** Crafted from premium non-skid solid aluminum, ensuring durability. Unlike wood or steel products, it won't rust or decay over time.
- **Low Maintenance:** Enjoy the benefits of a lightweight design with minimal maintenance requirements.
- **Easy Installation:** Hassle-free installation process for your convenience.
- **ADA Compliant:** Designed to meet ADA compliance standards for residential settings.
- **Generous Width:** Our ramps provide a spacious, 42" usable width, perfect for homes with storm doors, screen doors, or patio doors. The 42" W clearance allows ample space between handrails.

- **Optional Handrails:** For added security and stability, consider our optional handrails, enhancing the user's transition through a doorway.
- **Impressive Weight Capacity:** With an impressive 850-pound weight capacity, our ramps provide reliable support.
- **Proudly American-Made:** We take pride in being 100% made in America.
